Biosample Collection

Hair Collection

13. Was hair collection completed?

- Yes →
 No

13a. How many follicles were collected (1-10)?

--	--

13b. How many shafts were collected (0-10)?

--	--

13c. Location of hair collection:

- Front or head
 Left side
 Right side
 Top
 Back

14. Is the participant selected as a quality control subject for serum, hair, and nasal brushing?

- NO
 YES →

	NO	YES					
Was serum QC sample collected?	<input type="radio"/>	<input type="radio"/>					
Was hair QC sample collected?	<input type="radio"/>	<input type="radio"/>					
Was nasal brushing QC sample collected?	<input type="radio"/>	<input type="radio"/>
